Question: 163

Which of the following is not part of the Revised Trauma Score?

- A. Glasgow Coma Scale
- B. Pulse rate
- C. Respiratory Rate
- D. Systemic blood pressure

Answer: B

The Revised Trauma Score is made up of a three categories: Glasgow Coma Scale, Systolic blood pressure, and respiratory rate. The pulse rate has no relation to trauma score.

Question: 164

Which number would you likely see a in a patient that would likely be deceased and all care should be withheld from this patient?

- A. 9
- B. 7
- C. 5
- D. 3

Answer: D

Patient is dead if the score is 3. They should not receive certain care because they are highly unlikely to survive without a significant amount of resources

Question: 165

Trauma centers vary in their specific capabilities and are identified by "Level" designation. Which of the following is the highest level for a Trauma Center?

- A. Level (I)
- B. Level (II)
- C. Level (III)

D. Level (V)

Answer: A

Level I trauma center provides the highest level of surgical care to trauma patients. Being treated at a Level I trauma center increases a seriously injured patient's chances of survival. Level v is the lowest.

Question: 166

Which level of trauma center does not have the full availability of specialists, but does have resources for emergency resuscitation, surgery, and intensive care of most trauma patients?

- A. level (IV)
- B. level (V)
- C. level (III)
- D. level (II)

Answer: C

According to the levels. A Level III trauma center does not have the full availability of specialists, but does have resources for emergency resuscitation, surgery, and intensive care of most trauma patients. A Level III center has transfer agreements with Level I or Level II trauma centers that provide back-up resources for the care of patients with exceptionally severe injuries.

Question: 167

When triaging patients which of the following should be transported first

- A. Red triage
- B. Yellow triage
- C. Green triage 3
- D. Trauma triage has no role in transfer.

Answer: A

Triage is assignment of degrees of urgency to wounds or illnesses to decide the order of treatment of a large number of patients or casualties. Red triage needs immediate lifesaving intervention because these are the patients who cannot survive without immediate intervention .

Question: 168

A 25 year old male was hit by a cricket ball on his head a brief interval of dizziness and then recovered on examination he was unconscious his GCS is 8 his left pupil is slightly dilated and sluggish in reaction to light where the patient should be referred for proper treatment ?

- A. Basic health unit
- B. Rural health center
- C. Tertiary care teaching hospital
- D. All of these

Answer: C

This is a case of extradural hematoma and the patient should be referred to tertiary care hospital where all facilities exists for proper treatment of extradural hematoma.

Question: 169

Which triage tag in trauma requires lowest attention and transfer to hospital during a medical emergency or disaster?

- A. Red
- B. Yellow
- C. Green
- D. Black.

Answer: D

Black color shows dead it is important to prevent the expenditure of limited resources on those who are beyond help. Their transfer to hospital is less important than who requires medical treatment Yellow color indicates non-life

threatening injuries and their treatment can be delayed Green color indicates minor injuries.

Killexams.com is a leading online platform specializing in high-quality certification exam preparation. Offering a robust suite of tools, including MCQs, practice tests, and advanced test engines, Killexams.com empowers candidates to excel in their certification exams. Discover the key features that make Killexams.com the go-to choice for exam success.

Exam Questions:

Killexams.com provides exam questions that are experienced in test centers. These questions are updated regularly to ensure they are up-to-date and relevant to the latest exam syllabus. By studying these questions, candidates can familiarize themselves with the content and format of the real exam.

Exam MCQs:

Killexams.com offers exam MCQs in PDF format. These questions contain a comprehensive collection of questions and answers that cover the exam topics. By using these MCQs, candidate can enhance their knowledge and improve their chances of success in the certification exam.

Practice Test:

Killexams.com provides practice test through their desktop test engine and online test engine. These practice tests simulate the real exam environment and help candidates assess their readiness for the actual exam. The practice test cover a wide range of questions and enable candidates to identify their strengths and weaknesses.

Guaranteed Success:

Killexams.com offers a success guarantee with the exam MCQs. Killexams claim that by using this materials, candidates will pass their exams on the first attempt or they will get refund for the purchase price. This guarantee provides assurance and confidence to individuals preparing for certification exam.

Updated Contents:

Killexams.com regularly updates its question bank of MCQs to ensure that they are current and reflect the latest changes in the exam syllabus. This helps candidates stay up-to-date with the exam content and increases their chances of success.
